Principal: Dr. T.Vijayan

Coordinator: Shayini O

Internal mentoring

Five members from the teaching faculty were selected as mentors for the forty students based on their willingness to perform the task. Of these five members three were permanent faculty and two were guest teachers. Each internal mentor had to mentor eight students. A list of internal mentors and the students allotted to them are enclosed. Internal mentor for English Namratha Manoharan entered another employment on 6 Feb, 2019. Hence one additional mentor Anusha C.V., guest lecturer in English was selected to mentor Namratha Manoharan's mentees. Mentoring sessions were held according to the convenience of mentees and the mentors.

External mentoring:

a) Life Skill:

The external mentoring sessions began only in January. Many factors especially the non availability of trainers on the dates proposed from our side caused this delay. The classes started with Ms Kavitha K. engaging classes in Life Skill on 12/01/2019. She engaged 4 sessions for the students. The students were very much interested in her class. We were not able to call her again as she had prior commitments with other colleges for SSP classes.

In order to make smooth arrangements for the conduct of classes Ms. Shreni P., Guest lecturer in the Department of English, Nehru Arts & Science College Kanhangad, was proposed as a life skill trainer. Her Performa was approved on 25/01/2019. Of the 32 classes 28 classes were engaged by Ms Shreni P. The students were very much impressed by Shreni's class.

IT Skill:

The external mentoring sessions began on 19/02/2019. The computer lab of our college was the test centre for many online examinations like NET, JEE and so on. Hence the non availability of computer lab created problems in the conduct of classes. Ms Sheeba from IHRD College took 6 sessions for the students. Later the IT sessions were handed over to Ms Anitha, Computer Assistant at Nehru Arts and Science College Kanhangad.

LEARNING SKILL

An external mentoring class on Learning skill was conducted on 24/02/2019. The resource person for the class was Dr. Nita Joseph, Psychologist and Trainer from Kasaragod.

A District motivational class for SSP was held on 4 Feb, 2019 at Manjeshwaram Govinda Pai College. 5 of our scholars participated in the class.
