PREFACE

The syllabus presented herewith is the output of academic debates among historians, history faculty members, research scholars and students at formal and informal levels of gatherings. The workshop on syllabus revision, with its democratic approach of considering valuable suggestions from all stakeholders of higher education, and the Outcome Based Education curriculum of Kannur University were crucial to restructuring the existing syllabi. BA History Programme offers 35 courses - 15 Core Courses, 3 Discipline Specific Elective Core Courses, 12 Complementary Elective Courses and 5 Generic Elective Courses. The syllabus of each course at the outset itself clearly states its learning outcomes, which are in agreement with History Programme Specific Outcomes and University Bachelor's Programme Outcomes. The Board of Studies proposed the revision of existing syllabus and the introduction of new courses based on new themes such as history of India after independence, gender history, economic history of modern India, political revolutions in the modern world, history of human rights and environmental history to make the knowledge base of history programme more conversant with new trends in historical and interdisciplinary studies.

Apart from understanding factual and theoretical knowledge of what happened in the past, this syllabus of history is aimed at enabling the learners to develop egalitarian, secular and rational values and awareness, which are extremely pertinent to maintain democratic political culture of the country and to preserve peaceful co-existence of all the people beyond the parochial boundaries of religion, caste, culture etc. With this vision the Board of Studies examined the final draft of the syllabus on 06/06/2019 and decided approve and submit the same to the university. I am indebted to all the members of Board of Studies, all faculty members of History, resource persons, students, and Kannur University Curriculum Restructuring Committee for their support and guidance to accomplish this task.
