1 Prologue

1.1 Mission and Vision

"Education for all and for all-round development" is the vision of the college. The following are Mission Statements to translate the above vision.

- To keep the facilities for higher education open to all irrespective of caste, religion, sex and economic status and thereby strengthen the knowledge base of the society.
- To help develop the spirit of patriotism and secularism among the students.
- To preserve the ethnic values and cultural heritage of this locality with special accent on its linguistic forms and folklore.
- To conduct programmes and projects highlighting the challenges and trials faced by the society, to make the students alert to the threats of communalism, social fragmentation, exploitation and erosion of values.
- To stimulate interaction of the student community and the society through programmes of specific social benefit.
- To offer opportunities for higher education to all without any discrimination with regard to caste, creed, race, sex and economic level so as to enrich the knowledge level of the society.
- To conduct programmes for inculcating the spirit of patriotism, secularism, social commitment and equity among the students
- To preserve the ethnic values and cultural heritage of Kasargod, the extreme north of Kerala.
- To conduct programmes by focusing on the multilingual diversities, folklore and tribal art forms in the locality.
- To conduct programmes for equipping girl students to challenges and trials.
- To conduct programmes for improving the social skills and interactions of students with the society.
- To conduct value oriented programmes for maintaining social values.
- To conduct courses and programmes for making the students more adaptable to the innovative advancement in technology.
- To uphold the principle of "earning by learning", conduct programmes to improve entrepreneurial traits and passion for agro based activities.

The college maintains an atmosphere best suited for the achievement of its objectives. Ours is one of the most peaceful campuses in the whole of the state and the atmosphere is conducive to serious teaching/learning. The performance of the the college in various fields bears ample testimony to this fact and we are second to none, be it university examination results or performance in arts and sports. Management of the college lies in the hands of a dedicated

team which makes the pursuance of the lofty ideals of the institution all the more easy.

The college emblem consists of four harmoniously arranged sectors with the motto of the college inscribed at the top - 'JNANAM VIJNANA SAHITHAM' meaning 'Knowledge Leads to Wisdom' - and the name of the college written along the sides.

The four sectors, when viewed clockwise, depict a rose, an open book, an atom model and the year of the establishment of the college. The rose is reminiscent of the late Prime Minister of India, Pandit Jawaharlal Nehru, the persona the institution derives its name from. Further, it signifies the fragrance of knowledge the institution aims at spreading far and wide. The open book representing 'Arts' stands for the treasure of knowledge accessible to one and all, and the atom model represents 'Science'.

The shape of the emblem resembles a shield. This institution of higher learning is situated in one of the most backward districts of the state. It stands to shield the people of this area from illiteracy and ignorance.

1.2 A Brief History of the College

Early in 1964, the enlightened public of Kanhangad and Nileshwar resolved to honour the memory of Jawaharlal Nehru, the architect of modern India by undertaking educational and cultural activities in this educationally backward area. In pursuit of this idea, a dedicated and learned team set up in 1966, an educational society known as "**The Nehru Memorial Education Society**" under the distinguished presidentship of the late Shri. C. K. Nair following which the society was duly registered. The establishment of Nehru Arts and Science College, Kanhangad in this backward coastal tract was the major task the society had set before themselves and had subsequently accomplished it.

The society acquired a plot of 30 acres at Padnekkad and applied for affiliation to the University of Kerala for a junior college in the locality. The foundation stone of the college building was laid on 1st April 1968 by Late Janab. C. H. Mohammed Koya, then Minister for Education, Kerala while in office. Meanwhile, the area came under the territorial jurisdiction of the Calicut University, to which the college was affiliated. First year Pre-Degree classes commenced on 14th August 1968. The college was upgraded as a degree college in 1972. Presently, the college is affiliated to Kannur University.

The academic growth of the college is summarized below.

NB: The fee amount has been increased by 5% from 17/10/2019 onwards. Here onwards, the fee will be fixed for each academic year as multiple of 5 or the nearest multiple of 5 of the increased fee amount.

Refer Section 13.13 for fee concession and grants.

3 Academics (Part-time)

3.1 Distance Education Centre, Kannur University

A distance education centre of Kannur University is functioning in the college. Contact classes are conducted on holidays for subjects offered by the centre. Reference books and study materials are also distributed through the centre. Audio visual facilities to download study materials and listen to classes broadcasted by national-level agencies are also available in the centre.

Co-ordinator : Biju N. C. (Department of English)

3.2 Sub Centre, Centre for Continuing Education Kerala

A sub centre of Centre for Continuing Education Kerala is functioning in the college. Centre for Continuing Education Kerala is an autonomous body set up by the Government of Kerala to promote continuing education programmes in Engineering Colleges/ Arts & Science Colleges and Polytechnic Colleges in the State of Kerala, India. The Centre is dedicated entirely to the growth and development of technical education, industry, business and social amelioration.

Co-ordinator : Rajeesh P. (Department of Chemistry)

5 Rules and Regulations

5.1 Conduct of Students

Students should be courteous. They should respect teachers and elders. They should maintain decency and decorum in dress and manners in the campus.

Students shall occupy the respective seats before the teacher enters the room. Late comers should not enter the room, nor should any student leave the classroom, without the permission of the teacher in-charge of the class.

Student shall not participate in any hostile activity towards the authorities, and shall not do anything to offend the harmony and good fellowship of the college.

Destroying, disfiguring or causing wilful damage to the college properties including the compound wall, plants or trees, canteen, toilet and classrooms, furniture, equipments or laboratory apparatus etc. will be treated as serious offence. The cost of the damage will be realised from the student who are found responsible for the damage either through individual fine, or by imposing a collective fine on the whole class depending upon the nature of the damage. Disciplinary action will also be taken against such students. Students should consider it their responsibility to keep the classrooms, common areas and the premises clean. Littering should be strictly avoided.

Smoking in the campus and entering the campus after consuming drugs or alcohol are strictly prohibited. Use of mobile phones and two-wheelers in the campus are prohibited. Outsiders (anyone other than a student at the time) who come to the campus so as to promote or interfere into the student's activities or campus matters without the written permission of the principal or uses any area in the campus as their rendezvous are strictly prohibited.

If outsiders are seen inside the campus involving in any such activities, immediate action as permissible by the court orders in the respect shall be taken by the principal against the outsider, and also against all those students in the campus who are responsible for bringing them on behalf of whom they have entered the campus.

Use of placards, flags and banners are strictly prohibited inside the campus.

Students holding any activity in the camps shall obtain prior permission from the principal to conduct the activity.

Meetings and processions will not be allowed during class hours.

Slogans/notices/boards or any such materials intending to demoralize any student, staff or authorities of the college should not be used. Those who violate the campus rules are liable to be punished, or pay fine as decided by the college council.

5.2 ID Card, Attendance and Leave

Every student of the college shall possess an identity card issued by the college, with passport-size photograph of the student bearing the signature of the principal and college seal. Books shall not be issued from the library, unless the card is shown to the librarian. The card must be shown to any member of the staff of the college on demand, and is to be used for bus concession, and produced at the time of payment of fee. Keeping more than one identity card will be punishable. In case of loss of identity card, a new identity card shall be issued on payment of Rs. 30/- to the Govt. account.

Each working day is divided in to two sessions. The forenoon session is of three periods, and the afternoon session is of two periods each of one hour duration.

Attendance will be marked at the beginning of each period by the teacher in-charge of the class.

No student shall abstain from the class without leave-application. The leave-application shall be submitted to the tutor-in-charge in the prescribed format. Every application for leave shall be counter signed by the parent or guardian as the case may. Incomplete applications shall be rejected. When leave is required in the case of illness for more than three consecutive working days, the leave application must be supported by a medical certificate. Absence without leave from any class, test or practical work will be seriously dealt with. A student abstaining himself from the class without a leave application for more than 14 consecutive working days will have his/her name removed from the rolls.

A student who fails to secure a minimum of 75% of the attendance progressively, will cease to receive stipends, scholarships or any other such benefits thereafter. Students with shortage of attendance have to apply for condonation before registering for university examinations. Condonation will be allowed only for one year for a course.

5.2.1 Student Management System

An online student management system has introduced in the college to manage the biodata, attendance, marks and other details of students which is accessible from the college intranet.

System Admin   : Mithun A. V. (Department of Computer Science)

5.3 Evaluation and Grading

5.3.1 For Under Graduate Programmes (2019 Admission Onwards)

Mark system is followed instead of direct grading for each question. The evaluation scheme for each course shall contain two parts.

Continuous Evaluation (CE)   20% Weightage
End Semester Evaluation (ESE)   80% Weightage

Continuous Evaluation

1. 20% of the total marks in each course are for continuous evaluation. The continuous evaluation shall be based on a pre determined transparent system involving any of the two components

    - For theory course: written test , assignments, seminars, Viva etc
    - For practical course: lab involvement , records, written test etc

2. Two components and their respective weightages shall be as prescribed in the scheme and syllabus by the Board of Studies concerned.

3. Attendance **shall not** be a component for Continuous Evaluation(CE).

End Semester Evaluation

End Semester Evaluation carries 80% of total marks. The End Semester Evaluation in theory courses are to be conducted with question papers set by external experts. The evaluation of the answer scripts shall be done by examiners appointed by the University based on a well-defined Scheme of valuation and answer keys provided by the University.

Grading

- Indirect grading system is adopted for the assessment of a student's performance in a course(both CE and ESE). Each course is evaluated by assigning marks with a letter grade (A+, A, B, C, D, E and F) to that course by the method of indirect grading. Mark system is followed instead of direct grading for each question.

- The grading on the basis of a total CE and ESE marks will be indicated for each course. Each letter grade is assigned a 'Grade point' (GP)

obtained using the formula.

$$\text{Grade Point} = \frac{\text{Total Marks Awarded}}{\text{Maximum Marks}} \times 10$$

- 'Credit point' (CP) of a course is the value obtained by multiplying the grade point (GP) by the credit (C) of the course

$$CP = GP \times C$$

- **A candidate securing not less than 40% of aggregate marks of a course with not less than 40% in ESE and not less than 10% in CE separately shall be declared to have passed in that course**. A minimum of grade point 4 with letter grade E is needed for the successful completion of a course.

- Appearance for CE and ESE are compulsory and no grade shall be awarded to a candidate if she/he is absent for CE/ESE or both.

- After the successful completion of a semester, Semester Grade Point Average (SGPA) of a student in that semester is calculated using the formula given below.

$$\text{SGPA} = \frac{\text{Sum of the Credit Points of all courses in a semester}}{\text{Total Credits in that semester}}$$

- The Cumulative Grade Point Average (CGPA) of the student is calculated at the end of each semester. The CGPA of a student determines the overall academic level of the student in each stage of the programme. CGPA can be calculated by the following formula:

$$\text{CGPA} = \frac{\text{Sum of the Credit Points of all completed semesters}}{\text{Total Credits acquired}}$$

- Overall Grade Point Average (OGPA) of the student is calculated at the end of the programme using the following formula.

$$\text{OGPA} = \frac{\text{Sum of the credit points obtained in six semesters}}{\text{Total credits(120)}}$$

Indirect grading system in 7 point scale is as below

% of Marks (CE+ESE)	Grade	Position	Range of Grade Point	Class
90 and above	A+	Outstanding	9.00-10	First Class with Distinction
80 to below 90	A	Excellent	8.00-8.99	
70 to below 80	B	Very Good	7.00-7.99	First Class
60 to below 70	C	Good	6.00-6.99	
50 to below 60	D	Satisfactory	5.00-5.99	Second Class
40 to below 50	E	Pass	4.00-4.99	Pass
Below 40	F	Fail	0.00-3.99	Fail

5.3.2 For Post Graduate Programme

The evaluation scheme for each course (including projects) shall contain two parts; (a) Continuous Assessmet (CA) and (b) End Semester Evaluation (ESE). 20% marks shall be given to CA and the remaining 80% to ESE. The ratio of marks between internal and external is 1:4 excluding viva-voce. Both internal and external evaluation shall be carried out using marks with corresponding grades and grade points in 7 point indirect relative grading system.

- **Continuous Assessment**

  The percentage of marks assigned to various components for internal evaluation is as follows.

Components	% of internal marks
Theory	
Two test papers	40
Assignments/Book review/debates	20
Seminars/Presentation of case study	20
Attendance	20
Practical	
Two test papers	40
Lab Skill	20
Records/Viva	20
Attendance	20

  Attendance will be evaluated as mentioned in section 5.3.1.

- **Indirect Grading System**

  SGPA, CGPA and OGPA will be calculated as mentioned in section 5.3.1.

  Indirect Grading System in 7 point scale is as below:

% of Marks (IA+ESE)	Grade	Position	Range of Grade Point	Class
90 and above	O	Outstanding	9.00-10	First Class with Distinction
80 to below 90	A	Excellent	8.00-8.99	
70 to below 80	B	Very Good	7.00-7.99	First Class
60 to below 70	C	Good	6.00-6.99	
50 to below 60	D	Satisfactory	5.00-5.99	Second Class
40 to below 50	E	Pass	4.00-4.99	Pass
Below 40	F	Fail	0.00-3.99	Fail

6 Quality Assurance

6.1 Internal Quality Assurance Cell (IQAC)

Internal Quality Assurance Cell (IQAC) acts as a nodal unit for augmenting quality-related activities of the institution. IQAC is a part of our system and works towards realizing the goals of quality enhancement and sustenance. It channelizes the efforts and measures of the college towards academic excellence. Its action plan includes:

1. Designing and implementing annual plan for college level activities for quality enhancement.
2. Preparation of Annual Quality Assurance Report (AQAR)
3. Organization of workshops and seminars on quality-related themes, promotion of quality circles and institution-wide dissemination of the proceedings of such activities.
4. Arrangement for feedback responses from students, parents and other stakeholders.
5. Preparation of reports to be submitted for the accreditation/re-accreditation of the college by the National Assessment and Accreditation Council (NAAC).

Our college got re-accredited with an 'A' grade by the NAAC on 30th October 2017, in the third cycle.

Chairperson : Dr. Murali K. V. (Department of Physics)
Co-ordinator : Dr. Dinesh T. (Department of Mathematics)

6.2 Academic Monitoring Committee (AMC)

To ensure effective functioning of the semester system in the institution, an Academic Monitoring Committee is constituted, as per the directions of the University. The committee monitors the progress of the syllabi covered and the time-bound implementation of all other requirements for C.E. and University level examinations and meets at least three times during a semester (at the beginning, at the middle and towards the end of the semester); to ensure uniformity in the scheduling of classes, conduct of examinations, evaluation, allotment of open courses etc.

Convener : Dr. Dinesh T. (Department of Mathematics)

6.3 Feedback System

With a view of identifying facilities and services to be improved, the college has introduced online feedback of students, alumni and parents. Format of

online feedback for students, alumni and parents are given below. Feedback can be submitted online through college website www.nasc.ac.in using the links provided in the home page. 7 Centres and Cells

7.1 NASCian Green Initiatives Centre (NAGIC)

The center is dedicated to promoting sustainability and environmental awareness, with a focus on energy generation, climate literacy, and hands-on training in renewable energy. NAGIC's main objectives include encouraging local energy generation by providing practical training in solar energy, creating a greater understanding of energy and climate issues through education and outreach, and promoting a sustainable future through tree-planting initiatives. NAGIC provides students with the opportunity to gain hands-on experience in the field of sustainability and renewable energy, while also making a positive impact on their local community and the environment. The center's focus on student involvement and hands-on learning makes it a unique and valuable resource for students and the wider community.

7.2 NASC's E-Learning Centre (NELC)

The NASC's E-Learning Centre (NELC) focuses on providing students with the latest technology and resources to enhance their learning experience. The NELC is equipped with a state-of-the-art E-studio featuring next-generation network servers, workstations, computers, and other devices. It serves as an exchange center for students, faculty, and researchers to share and analyze information, and provides a virtual classroom for e-teaching. The NELC also serves as a window for interaction with international faculty, allowing students to expand their knowledge and perspectives beyond their local community. In addition, the NELC provides access to a virtual laboratory, giving students the opportunity to conduct experiments and simulations in a safe, controlled environment. The NELC's focus on technology and innovation makes it a valuable resource for students and the wider academic community.

7.3 NASCian Disaster Management Group (NDMG)

The Nascian Disaster Management Group (NDMG) is a center within the college that focuses on promoting disaster management and emergency preparedness. It aims to educate and raise awareness among students, faculty and staff about the importance of disaster management and to equip them with the necessary skills and knowledge to respond to various types of disasters. NDMG conducts regular training sessions, workshops, and simulations to prepare individuals and the college community for potential disasters. The goal of NDMG is to minimize the impact of disasters and to ensure a quick and effective response to minimize damage and ensure the safety of all members of the college community.

7.4 Principal's Distress Relief Fund (PDRF)

The Principal's Distress Relief Fund (PDRF) is a scheme established within the college to provide support to students in times of financial hardship. The fund is generated from various sources, including contributions from alumni, current staff, retired staff, outgoing students, the Parent-Teacher Association, and the college management. The PDRF is designed to provide financial assistance to individuals who may be facing unexpected expenses or difficult circumstances, and to help ensure that they are able to continue their studies or work without undue stress. Financial assistance will be provided to students for the purchase of books, clothes, and travel needs, with the aim of ensuring they complete their education and minimize the dropout rate. This support aligns with our college's vision. On special occasions like birthdays, anyone can contribute to the PDRF and help support those in need. The Principal's Distress Relief Fund is an important resource for the college community, providing a safety net for individuals who may need a helping hand during difficult times.

7.5 NASC's Human Resource Development Centre (NHRDC)

The NASC's Human Resource Development Centre (NHRDC) is a dedicated centre within the college that focuses on building the human resource capacity of the institution. The main objectives of the NHRDC are to conduct faculty development programs, studenrt development programmes, provide training to non-teaching staff, and organize workshops and hands-on training classes. The NHRDC is committed to enhancing the skills and knowledge of the college's human resources, with the goal of providing a supportive and dynamic learning environment for students and staff alike. The Centre's programs and classes are designed to be engaging, relevant, and up-to-date, helping to ensure that the college's human resources are well equipped to meet the challenges of today's rapidly changing world.

7.6 NASC's Innovation and Incubation Centre (NIIC)

The NASC's Innovation and Incubation Centre (NIIC) focuses on fostering innovation and incubating startups. With the objective of encouraging and developing innovative ideas, the NIIC provides a supportive environment for our students and staff to turn their ideas into successful startups. The Centre offers resources such as mentorship, and workspace, to help entrepreneurs bring their ideas to life. In addition to incubation, the NIIC also provides opportunities for students and staff to participate in workshops, seminars, and events that explore the latest trends in entrepreneurship and innovation. The NIIC plays a critical role in promoting a culture of innovation and entrepreneurship, making

it a valuable resource for anyone looking to turn their ideas into a successful business.

7.7 NASC's Technology Support Centre (NTISC)

The NASC's Technology Support Centre (NTISC) provides technological support for e-teaching, e-content development, and official college programmes. The Centre has the objective of ensuring that the college is equipped with the latest technology and tools to support its educational and administrative goals. The NTISC is responsible for creating and maintaining the college's website, as well as providing technical support to official college programmes. By leveraging the latest technologies and tools, the NTISC helps to ensure that the college is able to provide its students and staff with a high-quality, cutting-edge educational experience. Whether it's through providing technical support for online teaching and learning, or by creating and maintaining a dynamic and engaging website, the NTISC plays a critical role in supporting the college's mission of providing a world-class education.

7.8 NASCian AEG Audit Arm (NAAA)

The Nascian AEG Audit Arm (NAAA) is dedicated to conducting academic, energy, and green audits. The objectives of the NAAA are to promote a culture of continuous improvement and sustainability within the college, and to help ensure that the college is operating in an efficient, effective, and environmentally responsible manner. Through its academic audits, the NAAA assesses the quality and effectiveness of the college's educational programs, services, and resources. Energy audits are conducted to identify ways to reduce energy consumption and costs, while green audits are focused on identifying and implementing environmentally friendly practices throughout the college. The NAAA plays a critical role in helping the college to maintain its high standards, while also promoting sustainability and environmental responsibility. Whether through conducting audits, recommending improvements, or implementing new practices, the NAAA is committed to helping the college achieve its goals and continue to provide a world-class education to its students.

7.9 NASCian Gender Equality and Women Empowerment Centre (NG-WEC)

The NASCian Gender Equality and Women Empowerment Centre (NGWEC) is dedicated to empowering women and providing them with the resources and support they need to succeed. The NGWEC provides training to women in need and serves as a study space for female students. With its multi-purpose facility, the NGWEC provides a supportive and empowering environment where women can develop their skills, pursue their education, and achieve their goals.

The objective of the NGWEC is to help women build their capacity, overcome obstacles, and succeed in their personal and professional lives. Whether through providing training opportunities or creating a supportive study environment, the NGWEC plays a critical role in promoting women's empowerment and helping to create a more equitable society. By fostering a culture of support and growth, the NGWEC is working to help women realize their full potential and achieve their dreams.

7.10 NASCian Centre for Competitive Examinations (NCCE)

The Nascian Centre for Competitive Examinations (NCCE) provides support and resources for students preparing for competitive exams. The NCCE aims to help students from lower socio-economic backgrounds who cannot afford the cost of private tuitions. To this end, the centre offers a variety of training programs and modules to help students prepare for different types of competitive exams. Whether students are interested in pursuing higher education, seeking employment opportunities, or simply looking to enhance their skills, the NCCE is committed to providing them with the resources they need to succeed. With its comprehensive training programs, knowledgeable instructors, and supportive learning environment, the NCCE is helping students reach their full potential and achieve their goals. By equipping students with the skills and knowledge they need to succeed, the NCCE is playing an important role in advancing equity and promoting social mobility in the college community.

7.11 NASCian Equal Opportunity Centre (NEOC)

The Nascian Equal Opportunity Centre (NEOC) aims to promote equal educational opportunities for underrepresented and marginalized groups. This includes students who are differently-abled, from economically backward backgrounds, from minority communities, from the Scheduled Castes and Scheduled Tribes, and female students. The NEOC provides a supportive and inclusive environment where these students can access resources and programs that help them succeed. Whether through mentorship, tutoring, or other support services, the NEOC is dedicated to providing students with the tools they need to overcome any challenges they may face and achieve their full potential. By promoting equity and inclusivity, the NEOC is helping to create a more diverse and vibrant college community where all students are valued and respected.

7.12 NASC's Printing and Publication Division (NPPD)

The NASC's Printing and Publication Division (NPPD) is a centre in the college with the objective of producing various types of printed and digital media. The NPPD is responsible for creating and publishing a college magazine, journal, and digital newsletter to showcase the achievements and talents of the

college community. The NPPD aims to promote and spread awareness about the various activities and events happening within the college. These publications serve as a medium to connect the students, staff, and alumni and keep them updated about the latest developments in the college.

7.13 NASCian Overarching of Outreach Programmes (NOOP)

Nascian Overarching of Outreach Programmes (NOOP) is a center in the college with the objectives of overseeing and coordinating the outreach programs of the college. These programs include NCC (National Cadet Corps), NSS (National Service Scheme), Sahityavedi (Literary Club), and various other student-led clubs. The center aims to provide a platform for students to develop their skills and knowledge outside the classroom, and to engage with the community through various service and cultural activities.

7.14 Make in the Campus (MiC)

Make in the College (MIC) is a scheme that focuses on using the human resources available within a college to develop software applications and packages, as well as to create and manage the college's website and student management system. This approach allows the college to leverage its own talented students and faculty members to create custom solutions that are tailored to its specific needs, while also providing valuable experience and skill-building opportunities for those involved. By utilizing internal resources, MiC can save the college time and money, while also fostering innovation and creativity within the academic community.

7.15 Make for Other Colleges (MoC)

The Make for Other Colleges (MoC) scheme is a program that involves developing and providing software applications and packages, website development, and student management systems for other colleges using our own human resources. The scheme is implemented through the PARAMARSH scheme, which aims to provide support and guidance to higher education institutions in India. Under this scheme, colleges can leverage the expertise and resources of other institutions to improve their own technological capabilities and offer better services to their students. MoC focuses on utilizing the available human resources to develop and customize software applications and packages according to the specific needs of each college. This approach not only helps colleges save costs but also encourages collaboration and knowledge sharing between different institutions. Overall, the MoC scheme is a great initiative that aims to promote the adoption of technology in higher education institutions and improve the overall quality of education in India.

7.16 Library Resources Access Scheme For Differently-Abled Individuals (LASDI)

The Library Resources Access Scheme for Differently-Abled Individuals (LASDI) is a scheme implemented by our college with the aim of providing equal access to library resources for differently-abled students pursuing higher education (PG and above) in Kasaragod district. The scheme ensures that these students have access to a range of library resources including books, journals, digital materials, and other learning resources. The LASDI scheme is an important initiative that helps to ensure that students with disabilities have access to the same opportunities and resources as their peers. By providing equal access to library resources, the scheme supports the academic and personal development of differently-abled students, and helps to create a more inclusive and equitable educational environment.

7.17 Library Resource Enhancement Scheme (LIBRES)

The Library Resource Collection Enhancement Scheme (LIBRES) is a scheme implemented by our college with the objective of enhancing the library resources available to students and Faculty. This scheme is funded through donations or books received from more than 32,000 alumni of the college, as well as reputed firms and individuals who support the college's mission. Through LIBRES, the college has been able to significantly enhance the library's collection of books, journals, and other learning resources. In addition to this, the college has also established a book bank where students can borrow textbooks and reference books for the duration of their academic program. The LIBRES scheme has played a vital role in improving the quality of education offered by the college. By expanding the library's collection of resources, students and faculty now have access to a wider range of learning materials, which helps to support academic and personal development.

7.18 Harvesting Young Titans from Schools (HYTS)

Harvesting Young Titans from Schools (HYTS) is a scheme implemented by our college with the aim of encouraging and inspiring young students to pursue higher education. This scheme involves organizing a residential workshop every year for students in the IX and XI standards, where they can engage in various academic and extracurricular activities. The workshop is designed to provide students with exposure to higher education, as well as guidance and support in the pursuit of their academic and personal goals. Through the HYTS scheme, students can interact with faculty members, researchers, and other professionals who can offer insights into different academic disciplines and career paths. The HYTS scheme is an important initiative that helps to

bridge the gap between secondary and higher education. By providing students with a glimpse of the opportunities available to them, the scheme can help to inspire and motivate students to pursue their academic aspirations.

7.19   Quality Assurance Cell of Students (QACS)

The Quality Assurance Cell of Students (QACS) is a body of students within the institution that works to ensure the quality of education and services provided by the institution. The QACS plays a vital role in the internal quality assurance process by representing the student body and providing feedback to the institution's administration on various aspects of the educational experience, such as teaching quality, assessment methods, student support services, and campus facilities. The QACS works closely with the institution's Internal Quality Assurance Cell (IQAC) to identify areas for improvement and recommend changes that will benefit the student community. The QACS also helps to promote a culture of continuous improvement within the institution by encouraging students to provide constructive feedback and actively participate in quality assurance activities. By involving students in the internal quality assurance process, the institution can gain valuable insights into the needs and expectations of its student community. This collaborative approach to quality assurance can help to improve the overall quality of education and services provided by the institution and ensure that the needs of the students are met effectively.

7.20   Scheme for Educational Exploration and Development (SEED)

Scheme for Educational Exploration and Development (SEED) is a program that aims to promote innovative and effective teaching practices in higher education. It is funded both internally by the participating institutions and externally by government agencies and other organizations. SEED provides support for minor research projects that focus on enhancing the quality of teaching and learning in higher education. These projects may involve developing new teaching methods, assessing the effectiveness of existing practices, or exploring the use of technology in education. SEED encourages collaboration among faculty members, students, and other stakeholders in the education community. The program also provides opportunities for dissemination of research findings through conferences and publications.

7.24   NASC's Week of Orientation & Welcome (N-WOW)

NASC's Week of Orientation & Welcome (N-WOW) is a week-long event held at the beginning of each academic year to welcome new students to Nehru Arts and Science College Kanhangad. The aim of N-WOW is to provide incoming students with a comprehensive introduction to college life and to help them transition smoothly into the college environment. The event includes a variety of welcome programs, orientation classes, and bridge courses. Welcome programs are designed to make new students feel at home and to help them con-

nect with their peers and the college community. Orientation classes provide students with important information about the college's policies, procedures, and academic expectations. Bridge courses help to fill any gaps in students' prior knowledge and prepare them for the rigorous academic work ahead. N-WOW is an important event at Nehru Arts and Science College Kanhangad as it helps to set the tone for the rest of the academic year. By providing students with a warm welcome and a strong foundation, N-WOW helps to ensure that students are well-equipped to succeed academically and personally during their time at the college.

7.25   NASC's Earn While Learn Project (NEWLEAP)

The college has launched an innovative project called NEWLEAP, which stands for Earn While Learn. The project is aimed at providing opportunities for students to earn money while pursuing their education, thereby reducing their financial burden. Under the NEWLEAP project, students are provided with various online job opportunities such as transcription, article writing, freelance writing, blog writing, review writing, and online teaching for school students of Kasaragod district. These jobs are designed to be flexible and can be done at any time, allowing students to balance their work and study. The project aims to develop the skills and expertise of the students, enabling them to become competent professionals in their chosen fields. By working on these jobs, students can enhance their communication skills, improve their research abilities, and learn to work efficiently in a virtual work environment. Overall, the NEWLEAP project is an excellent initiative by NASC, providing students with the opportunity to earn a decent income while gaining valuable experience and skills that will benefit them in their future careers.

7.26   Inspire Novice Learners Through Voice of Knowledge & Experience (INVOKE)

The Inspire Novice Learners Through Voice of Knowledge & Experience (INVOKE) program aims to bring veteran educators back into the education system to serve as mentors and inspiration for new, inexperienced teachers. Retired teachers who have decades of experience can offer unique insights and skills that can benefit new teachers who are just starting their careers. As such, the program seeks to harness the voice of retired teachers, as well as scientists and industrialists from the alumni of educational institutions.The INVOKE program offers a platform for retired educators to share their knowledge and experience with the next generation of teachers. This can be done through mentoring programs, workshops, and seminars that are designed to promote innovation and creativity in the education system.

7.27 NASC's Guidance and Counselling Centre (NGACC)

The NASC's Guidance and Counselling Centre (NGACC) provides guidance and counselling services to support the emotional and mental well-being of students and staff. Services include one-on-one counselling sessions, group therapy, and workshops on topics such as stress management, time management, and study skills. The NGACC also offers career counselling to help students identify and achieve their academic and professional goals. Overall, the NGACC is a valuable resource for students seeking support and guidance during their college experience.

7.28 Centre for Career Information and Guidance (CCIG)

The Centre for Career Information and Guidance (CCIG) in a college is a resource center that provides students with information, resources, and guidance to help them make informed career decisions. The CCIG in association with placement cell offers a range of services such as career counseling, skills assessment, job search assistance, resume and cover letter reviews, and networking opportunities. The CCIG aims to help students identify their strengths, interests, and career goals, and to provide them with the tools and resources to achieve those goals. It also works closely with employers to understand their needs and requirements, and to connect students with relevant job opportunities. By using the services provided by the CCIG, students can gain a better understanding of the job market and the skills required to succeed in their chosen career. This can help them to make more informed decisions about their education, training, and career choices.

7.29 NASC's Online Examination Centre (NOEC)

NASC's Online Examination Centre (NOEC) in a college is a digital platform designed to facilitate online examinations for students, including various national-level online exams. The NOEC's ability to conduct national-level online exams is particularly useful for colleges and universities that are looking to expand their reach and attract students from across the country. By offering the option to take exams online, these institutions can remove geographical barriers to education and make it more accessible to a wider audience. Overall, the NOEC in a college is a valuable resource that not only streamlines the examination process but also provides a platform for national-level exams, making education more accessible to students across the country.

7.30 State Awards for Research
